

INTRODUCTION TO PHYSICAL EDUCATION CURRICULUM GUIDE

During the 2011-2012 school year a Physical Education Curriculum Review Committee was established. The members of the committee were chose from the math teachers in the Kettle Moraine Lutheran Federation of Schools (KMLFS). The task of this committee was to develop a Physical Education curriculum that will provide the KMLFS with a unified plan of development for our K-12 students.

As a committee, our committee decided to adapt the Wisconsin Model Academic Standards for Physical Education. We also have included several points of reference for use in the KMLFS. As a committee we would like to make it that our KMLFS teach all the content of our public schools, yet we teach that content in the light of God's Word.

Committee Members:

Chairman James Carlovsky, Kettle Moraine Lutheran High School

Chrissy Rau, Good Shepherd, West Bend

Marv Wittig, Peace, Hartford

David Stoltz, St. Lucas, Kewaskum

John Martin, St. John's, Newburg

Todd Jahns, Kettle Moraine Lutheran High School

Philosophy

The KML Federation of Schools exist to educate, encourage, and equip students for life and for eternity. We want to maintain the thought that our bodies are "temples of the Holy Spirit" (1 Corinthians 6:19-20). It is our goal is to educate students how to treat and use them as such through physical activity. We instruct our students to continue an active lifestyle not only at KMLFS but throughout their lives. We wish to promote sportsmanship, teamwork, respect for others, cooperation and a healthy lifestyle. Our goal in the KMLFS is to teach students necessary skills and provide an environment where all may be successful.

The curriculum encouraged for use in the KMLFS is SPARK. This curriculum offers a variety of units that enable students to master physical benchmarks and complex strategizing.
